QUEEN AND ALAKEA STREETS.

Losing your hair? Do you bring out a combful each morning? Has it lost its natural brightness? Is it beginning to look faded and dead?

Do you like this condition of things? Certainly not. Then stop this falling of the hair at once. Stop it before your hair is thin, short, and lifeless. Make your hair beautiful, glossy, silky, abundant.

Ayer's Hair Vigor Is a Hair Food.

When your hair is well nourished it does not come out. 'Tis weak hair, starved hair, that falls. It's just so with thin hair, short hair, rough hair. Such hair needs feeding. This is why Ayer's Hair Vigor stops falling of the hair.

If your hair is gray, and you don't care to look at thirty as if you were sixty, then you should use Ayer's Hair Vigor. It always restores color to gray hair, all the dark, rich, beautiful color it had when you were young.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

SAMOA RICH IN GOLD

MARVELOUS SAND FROM UPOLU ISLAND.

San Francisco and Sydney Capitalists Have Purchased Vessel to Carry Sand to Australian Smelters.

A wonderful gold discovery is reported from the Samoan group and if the deposit will hold out there ought to be more than one millionaire who hails from Samoa. According to recent advices black sand running as high as \$940 a ton has been found on Upolu Island. Ten tons of this sand have already been tested and it averages about 47 ounces of pure gold to the ton.

A company composed of San Francisco and Sydney capitalists has chartered several vessels to carry this valuable sand from the Samoan group to Sydney for treatment in the smelters. In addition to the gold bearing sand, nickel and the ores are reported to abound in large quantities on the Samoan Islands.

The latest information regarding them was secured from the R. M. S. Aorangi which passed through here last Saturday from Vancouver en route to Apia and Sydney.

Captain W. Best, formerly of the Oceanic S. S. Co.'s service, was a passenger on the Aorangi. He was on his way to Sydney to take command of the new 300 ton steam schooner purchased by the Samoan Gold Mining Co. of Apia, composed of Messrs. Walter Selby, and J. Waters of San Francisco, and H. B. Dearborn, of Sydney.

The vessel is intended to trade between Sydney and Apia, carrying gold bearing black sand from Apia to the Sydney smelter for treatment. She has accommodation for 20 saloon passengers, and is fitted with a modern refrigerating plant. Electric light plant is also installed. The vessel will be put into commission immediately upon Captain Best's arrival in Sydney.

A schooner named the "Helen Andrews" has been chartered at Tacoma, Washington by the same company (through Captain Best) for the carrying of tin and nickel ore to the San Francisco smelter for treatment. The company is now in active operation at Samoa in mining and preparing the various ores for shipment. The black sand contains free gold to value of \$110, per ton. Ten tons were sent to Sydney by the S. S. Moana on her last trip which yielded 47 ounces of pure gold per ton. This sand was taken from the bed rock on one of the inland creeks of Upolu Island.

The nickel and tin ore are said to run above the average value.

MARRIED.
Word has been received of the marriage in New York, January 29 last, of Miss Helen Munson to David Morton. Miss Munson formerly lived in Honolulu. She came here immediately following annexation in 1898.

ENGAGEMENT ANNOUNCED.
The engagement has been announced of Miss Mary Kinney of the Kamehameha Girls' school to Fred. Mabry, of Kittery, Maine. The engagement was announced at a party given Saturday afternoon by Mrs. Henry Waterhouse.

Such the Theme of the Teachers' Meeting Tonight.

The Honolulu circle of the Territorial Teachers' Association will hold its regular meeting this evening at the High School. The meeting opens at 7:30 o'clock. The following is the program: Teachers of public and private schools, and all interested in the subject of "Classic Stories for Children," are cordially invited to be present and take part in the discussion.

1. Music, Girls from Kawaiahao Seminary.
2. A Classic Story Illustrated. Miss Helene Veeder Johnson.
3. Music, Kamehameha Girls' Double Quartette.
4. Classic Stories for the First Grades. Mrs. Emma Mc L. Wood. Mrs. Minnie Egan-Merrill. Miss J. Valentine Spitzer. Miss Nellie Bicknell.

Discussion: Leaders: Miss Zoe Atkinson. J. N. Taggard.

5. Music, Kamehameha Girls' Double Quartette.

FUNERAL YESTERDAY.

Remains of Late Captain Bergstrom Laid to Rest.

The funeral of the late Captain Olaf Bergstrom took place from the Masonic Temple yesterday afternoon. Services were conducted by Worshipful Master L. de L. Ward, of Lodge Le Progres, assisted by Past Masters J. Little and J. Flower. The pall-bearers were Captain T. B. Murray and Captain E. T. Winant, representing the National Guard; Louis Petrie and C. Musgrave, Oahu Railway; H. J. Gallagher and G. P. Denison, Mystic Lodge, K. of P.; E. Johnson and J. Watson, Lodge Le Progres, Masons; Company, N. G. H., under Captain Sam Johnson, acted as an escort of honor and fired three volleys over the grave. In addition all the commissioned officers of the First regiment attended in full uniform.

A sad feature of the funeral was that the wife and children of the deceased did not arrive as expected and are probably still in ignorance of their great misfortune.

POLITZ IN NEW YORK.

A New York paper of January 31st says:

"Edward Politz of the brokerage firm of E. Politz & Co., of San Francisco, is in New York arranging to place on the market here certain of the most prominent Hawaiian sugar stocks. It was this firm that first secured consideration for sugar stocks on the San Francisco Exchange. The proceeds of the Hawaiian sugar crop last year amounted to \$25,000,000."

Mr. Politz has been in New York before on the same errand, and it is hoped that he will at this time be successful. So far as any one can see into the future, these stocks are good investments. They have been paying unusually good dividends for some time.

NO CAPITAL PUNISHMENT.

A disposition is shown in Kansas to use the Leavenworth lynching as an argument for a genuine capital punishment law. At present that State's position as regards the death penalty is anomalous, for there are in Kansas two scores of more prisoners condemned to be hanged, and each awaiting from the hands of the governor the death warrant that never comes, and never will come until there is a new law. Gov. Stanley has already recommended making the death penalty compulsory for certain crimes, but it is noticeable

that he has not been eager to exercise his own power of life and death. If capital punishment is a good thing, why has he hesitated to sign the death warrants. As for the lynching argument, it has been shown repeatedly to have no basis in fact.—Springfield Republican.

A FRENCH BRANCH.

The organization of a branch of the Sons of the American Revolution among the descendants in France of the French army that came over to fight for American Independence has been well started. M. Meron the French consul at Chicago, who is taking a special interest in the matter, has secured the name of every Frenchman who fought in the continental armies or served on the fleet of Count de Grasse and, owing to the accuracy of the records kept by the French government, the descendants of them all are accessible. Each of the 16 universities of France has been made a nucleus for the creation of chapters. Once organized, the Lafayette branch as it will be called, promises to be a unique bond of amity between France and America.—Springfield Republican.

ON GOOD TERMS.

The football relations of Harvard and the university of Pennsylvania are not to be interrupted. The college boys are chock full of ginger and politics, and no one can tell when a rupture of good fellowship is coming. It looked for a time as if the McCracken incident might cause permanent unpleasantness, but Capt. Campbell of Harvard says that merely a question of interpretation of rules was involved, and that the two colleges will play football next fall as usual. But first an agreement will be adopted covering such points as the McCracken eligibility.—Springfield Republican.

THE GAS OCTOPUS.

"What was the trouble at that house where the complaint came from yesterday?"

"Nothing much," replied the inspector. "I found a centipede in one of the pipes."

"Ah! an extra hundred feet. See that they're charged for that."—Philadelphia Press.

DANGER OF COLDS AND GRIPPE.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the ten of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, when shown conclusively that it is certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by all dealers. Benson, Smith & Co., general agents Hawaiian Islands.

CO-PARTNERSHIP NOTICE.
